Dear Industry colleagues,

It is an honour and pleasure to invite you to support the 9th International Lymphoedema Framework Conference. This event will be held from June 13 – 15, 2019 in downtown Chicago, USA.

We are proud to have this conference co-hosted by the American Lymphedema Framework Project (ALFP). The ALFP was the first country framework to be established and join the International Lymphoedema Framework (ILF) umbrella of national frameworks in 2009. Their support of the international lymphoedema community through comprehensive systematic reviews, helped produce the ILF Best Practice Position Documents: Compression Therapy and Surgical Intervention. This is also the first time the conference will be held in the United States.

The 2019 conference Scientific Committee's impressive roster of members includes representatives from both the ILF and ALFP; clinical, opinion experts and investigators in the field across a wide range of disciplines including lymphology, genetics, pathology, oncology, dermatology, surgery, imaging, psychology, wound care and many more.

Your support and participation is vital to the success of our conference. We believe your presence and partnership will provide you with rewarding business opportunities as approximately 500 delegates are expected from over 40 countries. Specifically our conference will be targeted to nurses, occupational therapists, physiotherapists, medical doctors, researchers, lymphoedema therapists, patient advocates, patients and policy makers.

Patients remain at the heart of everything we do. The concurrent patient day program planned on Saturday will give additional opportunities for sponsors and exhibitors to engage with patient/partner and carer delegates. By supporting this conference, you are sending delegates the message that you share the ILF's vision of changing the face of lymphoedema care around the world.

We look forward to seeing you in Chicago!

To ensure maximum interaction between sponsors, exhibitors and participants, coffee breaks and lunches will take place in the exhibition area. The allocation of the exhibition sites will be handled strictly on a first come, first served basis, with priority given to partnership packages (see above). Nonprofit booths are assigned their location at the discretion of the organizers.

EXTRA EXHIBITOR REGISTRATIONS

It is possible to register extra exhibitors for a fee of \$150 US Dollars per person. The maximum total number of exhibitor badges per company (free + paid) may not exceed 4 badges. Additional personnel must be registered as participants. It's not permitted to share conference badges.

Please Note: Costs related to 1) power strip access and 2) handling/shipping of all parcels by the hotel are the responsibility of the exhibitor and will be billed extra.

OTHER SPONSORSHIP OPPORTUNITIES

SATELLITE SYMPOSIUM

Only available for companies with a sponsorship package (see above)
\$ 8.000 USD

ENTITLEMENTS:

Boost your company's exposure and brand recognition and present your clinical data by hosting a satellite symposium. Contact us for information about available time slots.

Recognition:

- Logo with a link to the company website and programme of the symposium with topics and speakers' names published on conference website
- Announcement of the symposium in the preliminary programme (only web) and final programme (as per date of printing)
- Leaflet / folder announcing the satellite symposium (produced by the sponsoring company) in conference bag

FOCUS GROUP

1.5 Hours - \$ 10.000 USD

Focus groups give companies the chance to ask experts/key opinion leaders their opinion in a closed forum. Ideal for companies who:

- Are about to launch a new product
- Are new to the market or need feedback on their existing products
- Would like to establish contact to key opinion leaders
- Are interested in feedback on clinical studies

Conducting a focus group at the 9th International Lymphoedema Framework Conference is advantageous as you will not need to fly in and accommodate a group of 8-10 persons, as key opinion leaders are already present at the conference. This makes the focus group a cost effective tool to obtain feedback and promote your product towards key opinion leaders.

2018 INDUSTRY PARTNERS

The vision of the International Lymphoedema Framework (ILF) is to bring the lymphoedema community (patients, practitioners, researchers, industry, public and private healthcare groups, government agencies and others) together to work towards improved management of lymphoedema and related disorders. We consider industry partners an important part of advancing our knowledge, exploring what is needed to improve lymphoedema management and gaining better outcomes for all.

We are grateful to the following ILF Industry partners who make the work of the ILF possible throughout the year.
